

## BSNL Upgrades Broadband Speed

BSNL has announced a reformulation of most of its popular broadband tariff plans with effect from 1 May 2017. This applies to all the existing as well as new broadband subscribers enrolled in majority of the pan-India as well circle-specific plans having FMC (Fixed Monthly Charges) of Rs. 675 and above. The **speed is being enhanced to a minimum of 4 Mbps** initial download speed (before FUP quota is reached). Moreover, in many of the plans, the **FUP (Fair Usage Policy) limit is being substantially enhanced** - even by 250% (for example in a specific case, 20 GB goes up to 70 GB).

**BB Combo ULD 1199** plan, which was hitherto having a flat download speed of 2 Mbps, will henceforth have a speed of upto 4 Mbps till 20GB, and upto 2 Mbps beyond that. This is the **cheapest BB+voice plan on date**, where the effective rate works out to less than a rupee per GB !

Existing subscribers already enrolled in all these plans will be automatically upgraded on 1 May 2017, and do not need to do anything. Moreover, there is an add-on **Friends'n'Family scheme for unlimited talking from a landline** - with upto three specific numbers on all-India basis.

Customers wishing to acquire a landline/broadband for enjoying high-speed internet can visit BSNL on the web at [www.bsnl.co.in](http://www.bsnl.co.in) . They can also send **SMS "<service>\*<STDcode>"** to **9400054141** from any mobile network, (or to **54141** from BSNL) for a call back. <service> may be **LL** or **BB** or **LL+BB** or OTHERS. <STDcode>" should be entered without 0 prefix. For example, **BB\*44** is to be SMSed if one needs new broadband connection.

Fresh landline, broadband, FTTH as well as mobile connections can be booked by producing Id and Address proofs, apart from photograph, at any of the nearly fifty **BSNL Customer Service Centres**, spread throughout Greater Chennai (including Tiruvallur & Chengalpattu districts).

Customers can download "**MyBSNL**" app (available for Android as well as iOS) on their smartphone so that they can pay their bills online at any time. Self-care portal <https://portal.bsnl.in>, has many services like e-payment on monthly bill, instant mobile recharge, checking current data usage, complaint booking, etc. E-Wallets like MobiCash can also be used.
